Ohio Collaborative Annual Review

Bias Free Policing 2020

As a component of being certified through the Ohio Collaborative the Mount Vernon Police Department is required to review bias in our policing each year. We are then required to post on a public forum (our website) the results of this review, and if there were any complaints the actions taken in regards to them

The Mount Vernon Police Department received no complaints regarding bias in policing for the year of 2020. I have reviewed monthly self-initiated statistics regarding race and gender and find that our officers are well within normal, community-reflective standards for our department, in relation to our community demographics. .
